

CONSOLIDATION ORDERS

CONSOLIDATION ORDERS

Consolidation orders are delivered as a single entity. The delivery includes frames, doors, rails and worktops, all of which are sent to the customer's address from our warehouse in one go.

Advantages of the consolidation:

- One freight note; no multiple deliveries on different days.
- One point of departure; all products are collected in the same place to be sent.
- All multiple shipment numbers included in the order are delivered at the same time and with the smallest possible number of pallets
- Invoicing the whole in one go
- No unnecessary carrying of goods

The price of the consolidation service is 69 eur (+ VAT)

- The price includes the service fee. Freight and transport insurance are charged separately.

CONSOLIDATION ORDERS

INSTRUCTIONS FOR MAKING A CONSOLIDATION ORDER:

Fill in the necessary information on the order form:

1. **Online store/frame order number** (functions as the main order)
2. **Numbers of orders made through the Stella design software and/or Door Ordering Tool** (are attached to the main order)
 - When ordering through the Stella ordering program, the delivery address needs to be changed to our warehouse in Lapinjärvi: Porlammintie 5, 07810 Ingermaninkylä

Toimituksen tiedot	
Nimi	CARLO CASAGRANDE / CLIENT LTD
Toimitusosoite	PORLAMMINTIE 5, 07810 INGERMANINKYLÄ
Vastaanottajan puhelinnumero	
Vastaanottajan sähköposti	

3. **Choose a delivery time**
 - The delivery time of the whole is determined by the longest confirmation time. For example, if the delivery of JIT doors from the factory is confirmed for week 50 -> the delivery of the consolidated order is at the end of week 50 at the earliest.
 - NOTE! The desired delivery time is the order's departure date from CC's warehouse.
4. **Reference**
 - The reference information must be the same in all orders, so that the orders are identified as belonging to the same delivery.
 - The reference must start with the letter (Y) inside the brackets. With this, we aim to prevent the order belonging to the consolidated entity from leaving our warehouse as a single delivery.
 - E.g. from reference: (Y) Kotikatu 7 KHH, (Y) Kotikatu 7 WC, (Y) Kotikatu 7 DOORS
 - Consolidated orders require the recipient's phone number for the transport company.

Delivery times for consolidated orders:

- Delivery times for consolidation orders are determined by which products you want to combine.

Stock products	Custom-made products		Delivery time
Stock products +	Countertops	With standard machining	approx. 10 working days
Stock products +	Custom doors	Board door collection (Bella, Brillo, Fenix, Luxe, PET, Zenit)	approx. 20 working days
	Countertops	With special work (sink installations, laminate surfaces priced per m ² and solid wood surfaces that can be oiled)	
Stock products +	Custom doors	Painted/foil doors	approx. 30 working days
	(Worktops)
